

COLLABORATIVE SOLUTIONS

Accord™

Share ideas creatively with a thoughtfully designed, high-performance combination board.

Introduction

Discover the convenience of Accord - a frameless, mixed-media collaborative board combining the durable dry erase surface of CeramicSteel with a sound-absorbing tackboard. Offering a wide selection of sizes and material combinations, there is no longer a need to choose which surface suits your space best.

Features & Benefits

Sustainable

Accord panels are made with CeramicSteel, which is Cradle to Cradle Certified™ Bronze, highlighting the sustainable manufacturing process of the product. CeramicSteel is also 99.9% recyclable. CeramicSteel is also certified by SCS Global Services as Indoor Advantage Gold™, meeting strict indoor air quality (IAQ) chemical emission limits for volatile organic compounds (VOCs). The sound-absorbing panels are 100% recyclable.

Configurations

The Accord collection is frameless and offered in multiple configurations. Whether you choose to install Accord vertically or horizontally, the bumper joint system offers an elegant and clean separation between the two materials.

CeramicSteel Panel

- Magnetic
- Durable
- Colorfast, will never fade
- Resistant to bacteria, graffiti, fire, scratches, stains, fire and chemicals
- Releases zero VOCs

Sound-absorbing Panel

- Sustainable material (100% recycled solution-dyed Polyester)
- Lightweight and easy to install
- Noise reduction
- Tackable
- Available in a variety of colors

Chemical Resistant *

Scratch Resistant *

Fire Resistant *

Graffiti Resistant *

Stain Resistant *

*Only applicable to CeramicSteel Panels

The ability to incorporate your brand elements in durable, lasting CeramicSteel can be achieved with Polyvision Studio.

Accord Options

Time-tested CeramicSteel

Always-reliable, best-in-class CeramicSteel dry erase surface is available in crisp Arctic White finish. Choose a painted edge treatment in white matching the CeramicSteel surface or an accented color matching the sound-absorbing material.

Corporate Responsibility

Polyvision believes that sustainability is an important business practice in today's global economy. In line with this belief, we strive for continuous improvement in all areas of environmental stewardship – responsible use of raw materials and natural resources, manufacturing processes and operation of all facilities – to reduce the impact of our activities on the environment. In the end, we believe we are all in this together, working to protect and cultivate the world we live in to make more sustainable choices.

Manufacturing Excellence

Most Polyvision facilities are compliant with international standards and certified for Quality, Environment, Health and Safety. Our environmental goals aim to reduce and manage our global environment footprint in the areas of VOC emission, water use, waste output and CO₂ emission.

- ISO 9001 Quality Management Systems Certification
- ISO 45001 Occupational Health & Safety Management Certification

Ensuring A Sustainable Future

In addition to safe and sustainable manufacturing processes, Polyvision holds our products to the highest standards. We are third-party certified for our CeramicSteel surface by:

- Cradle to Cradle Certified – releases no harmful chemicals into the environment, safeguards clean water, materials are safe for humans and the environment
- Indoor Air Quality Certified to SCS.EC10.3-2014 v4.0
- ISO 14001 Environmental Management Certification

Warranty Protection CeramicSteel

Accord utilizes the CeramicSteel which offers one of the industry's most comprehensive warranty with lifetime surface warranty for interior applications. Panel performance is subject to the panel & substrate material warranty.

CeramicSteel Surface

Forever warranty Polyvision warrants that all porcelain-enameled surfaces and/or products made with CeramicSteel (Premium Writing Surfaces) or CeramicSteel (Collaborative Products) will retain its writing and erasing qualities and maintain its gloss variance and color consistency for the life of the building or for as long as the product is in use, whichever comes first.

CeramicSteel Panel Construction

10 year limited warranty Polyvision warrants that our CeramicSteel panels, under normal atmospheric conditions and when sealed from moisture, will not delaminate from the substrate or warp for a period of 10 years.
