

# Sans™ Collection

Collaborate freely with a thoughtfully designed, high-performing, frameless writing board.

**Sans Collection** provides more options for frameless writing boards to support the ways people express ideas.

### **Define Collaboration**

Collaboration means working together—throwing ideas into the mix and onto the wall. Made with highly durable CeramicSteel, Sans and Sans Round are available in various sizes, depths and colors to bring an element of design into any space.

### **Frameless Design**

With a thin profile and frameless design, Sans and Sans Round appear as if they are floating on the wall. Precision-cut, sealed edges and simple z-bracket installation with no exposed hardware make both products a modern alternative to the traditional framed whiteboard.

### **Sophisticated + Functional**

With functionality in mind, the smooth glass-like surface serves as an avenue for communication and a centerpiece of design. The clear marker-to-whiteboard color contrast offers exceptional readability. Sans and Sans Round are also magnetic, easy to clean, fully scratch resistant and durable, featuring an expected lifespan of more than 50 years.

## Features

- Frameless, floating edge
- Concealed mounting
- Highly durable
- Surface made from inorganic materials
- Easy to clean
- Colorfast—will not fade
- Strong magnetic capability
- Scratch, bacteria, chemical and fire resistant
- Smooth, inert surface
- Sophisticated aesthetic

### Choose Your Size

**Sans**, the original frameless whiteboard, sits at 13mm thick, while **Sans Round** is designed with a thinner profile, about half the depth of Sans and with rounded corners. Both products can be configured in horizontal and vertical orientations and are available in a variety of sizes ideal for the modern workplace.

### Standard Colors\* + Sizes

Product	Dimensions	Thickness	Weight
Sans 1220	1185 mm x 1220 mm	13 mm	25 kg
Sans 1830	1185 mm x 1830 mm	13 mm	37 kg
Sans 2420	1185 mm x 2420 mm	13 mm	44 kg
Sans Round 1220	1185 mm x 1220 mm	6.5 mm	12.5 kg
Sans Round 1830	1185 mm x 1830 mm	6.5 mm	18 kg
Sans Round 2420	1185 mm x 2420 mm	6.5 mm	24 kg

# Customize Sans with accented edges and printed patterns.

Customization

*Accented edges offered only with white surfaces.*

## The Edge of Expression

Choose from a variety of edge colors to give frameless writing surfaces unexpected depth. Each accent color is applied to precision-cut edges with a durable lacquer and matches Steelcase finishes for seamless integration into any project.

## Surface Imaging + Customization

Polyvision offers enhanced opportunities for creativity and customization. In addition to the five standard surface colors and accented edges, Polyvision Studio can create bespoke designs including custom artwork, logos and images using state-of-the-art digital printing technology. No matter the environment, Surface Imaging is ideal for long-lasting inspiration and overall design appeal.
